i

PREFACE

This bibliography presents a compilation of citations relating to planetary quarantine, previously listed in similar, separate annual publications, which were begun in 1967. Each such separate issue contained citations from the previous calendar year, forming a bibliography covering that 12-month period. The listings were augmented with references to documents of earlier dates, which had been acquired during the time specified. Bibliographies will continue to be compiled on an annual basis.

This volume, a consolidation of the material of the six previous publications, will, it is hoped, provide a useful reference in reviewing planetary quarantine research and development.

The Planetary Quarantine Office, Planetary Programs, Office of Space Science, National Aeronautics and Space Administration, Washington, D.C., has sponsored much of the research reflected in the citations.

## CORPORATE SOURCES

An alphabetical list of NASA centers, NASA contractors, and other sources of the material cited in this bibliography.

American Association for Contamination Control  
6 Beacon Street  
Boston, Massachusetts 02108

American Association for the Advancement of Science  
1515 Massachusetts Avenue, N.W.  
Washington, D.C. 20005

American Hospital Association  
840 North Lake Shore Drive  
Chicago, Illinois 60611

American Institute of Aeronautics and Astronautics  
(Technical Information Service of)  
750 Third Avenue  
New York, N.Y. 10017

American Institute of Biological Sciences  
3900 Wisconsin Avenue, N.W.  
Washington, D.C. 20016

American Microscopical Society  
Michigan State University  
East Lansing, Michigan 48823

American Pharmaceutical Association  
2215 Constitution Avenue, N.W.  
Washington, D.C. 20037

American Public Health Association  
1740 Broadway  
New York, N.Y. 10019

American Society for Microbiology  
1913 Eye Street, N.W.  
Washington, D.C. 20006

American Society for Quality Control  
161 West Wisconsin Avenue  
Milwaukee, Wisconsin 53203

Ames Research Center  
National Aeronautics and Space Administration  
Moffet Field, California 94035

Avco Corporation  
Lowell Industrial Park  
Lowell, Massachusetts 01851

Battelle Memorial Institute  
505 King Avenue  
Columbus, Ohio 43201

Becton, Dickinson and Company  
Research Center  
P.O. Box 12016  
Research Triangle Park  
North Carolina 27709

Bell Aerospace Company  
Textron Inc.  
Sunnyvale, California 94088

The Bionetics Corporation  
18 Research Road  
Hampton, Virginia 23366

Biospherics, Incorporated  
4928 Wyaconda Road  
Rockville, Maryland 20852

The Boeing Company  
P.O. Box 3999  
Seattle, Washington 98124

Aero Space Medical Division  
Air Force Systems Command  
Brooks Air Force Base  
Texas 78235

University of California  
Berkeley, California 94704

Cambridge Research Laboratories  
United States Air Force  
L.G. Hanscom Field, Massachusetts 01730

Center for Disease Control  
Public Health Service  
U.S. Department of Health, Education and Welfare  
1600 Clifton Road, N.E.  
Atlanta, Georgia 30333

Center for Disease Control  
Sterilization Control Laboratory  
U.S. Public Health Service  
P.O. Box 273  
Cape Kennedy, Florida 23920

Center for Disease Control  
Phoenix Laboratories  
Public Health Service  
U.S. Department of Health, Education and Welfare  
4402 North Seventh Street  
Phoenix, Arizona 85014

Cincinnati Research Laboratories  
Food and Drug Administration  
U.S. Department of Health, Education and Welfare  
1090 Tusculum Avenue  
Cincinnati, Ohio 45226

Colorado State University  
Fort Collins, Colorado 80521

Consultants and Designers, Inc.  
55 Fifth Avenue  
New York, N.Y. 10003

Dow Chemical Company  
Biohazard Group  
Pitman-Moore Division  
Zionsville, Indiana 46206

Dudley Observatory  
New York State Department of Health  
Albany, N.Y. 12201

Dynamic Science Corporation  
1445 Huntington Drive  
South Pasadena, California 91030

Eagle-Picher Industries, Inc.  
Joplin, Missouri 64801

Electro-Mechanical Research, Inc.  
Princeton, New Jersey 08540

Exotech Systems, Inc.  
5205 Leesburg Pike  
Falls Church, Virginia 22041

Florida State University  
Tallahassee, Florida 32306

General Dynamics/Convair Aerospace Division  
San Diego, California 92112

General Electric Company  
Re-entry and Environmental Systems Division  
3198 Chestnut Street  
Philadelphia, Pennsylvania 19101

The George Washington University  
Department of Medical and Public Affairs  
Biological Sciences Communication Project  
2001 S Street, N.W.  
Washington, D.C. 20009

Goddard Space Flight Center  
National Aeronautics and Space Administration  
Greenbelt, Maryland 20771

Grumman Aerospace Corporation  
South Oyster Bay Road  
Bethpage, New York 11714

Hardin-Simmons University  
Abilene, Texas 79601

Hayes International Corporation  
P.O. Box 2287  
Huntsville, Alabama 35801

Hughes Aircraft Company  
Aerospace Group  
Centinela Avenue and Teale Street  
Culver City, California 90230

IIT Research Institute  
10 West 35th Street  
Chicago, Illinois 60616

University of Illinois  
Department of Microbiology  
Urbana, Illinois 61803

Institute of Biology  
41 Queens Gate  
London SW 7  
England

Institute of Electrical and Electronic  
Engineers  
345 East 47th Street  
New York, N.Y. 10017

Institute of Environmental Sciences  
940 East Northwest Highway  
Mount Pleasant, Illinois 60056

Instrument Society of America  
530 William Penn Place  
Pittsburgh, Pa. 15219

Jet Propulsion Laboratory  
California Institute of Technology  
4800 Oak Grove Drive  
Pasadena, California 91103

Joint Publications Research Service  
1000 North Glebe Road  
Arlington, Virginia 22201

Langley Research Center  
National Aeronautics and Space Administration  
Langley Station  
Hampton, Virginia 23365

Lewis Research Center  
National Aeronautics and Space Administration  
Cleveland, Ohio 44135

Library of Congress  
Aerospace Technology Division  
Washington, D.C. 20540

Litton Industries  
360 North Crescent Drive  
Beverly Hills, California 90210

Lockheed Missiles and Space Company  
Sunnyvale, California 94088

Manufacturing Chemists Association, Inc.  
1825 Connecticut Avenue, N.W.  
Washington, D.C. 20009

George C. Marshall Space Flight Center  
National Aeronautics and Space Administration  
Marshall Space Flight Center, Alabama 35812

Martin Marietta Corporation  
Denver, Colorado 80201

Massachusetts Institute of Technology  
Cambridge, Massachusetts 02139

Mayo Clinic  
Department of Microbiology  
Rochester, Minnesota 55901

McDonnell-Douglas Astronautics Company  
St. Louis, Missouri 63166

Michigan State University  
Agricultural Experimental Station  
East Lansing, Michigan 48823

University of Minnesota  
Space Science Center  
School of Public Health  
Minneapolis, Minnesota 55455

National Academy of Sciences  
National Research Council  
2101 Constitution Avenue, N.W.  
Washington, D.C. 20037

National Aeronautics and Space Administration  
400 Maryland Avenue, S.W.  
Washington, D.C. 20546

NASA Pasadena Office  
4800 Oak Grove Drive  
Pasadena, California 91103

National Cancer Institute  
9000 Rockville Pike  
Bethesda, Maryland 20014

National Canners Association  
Washington Research Laboratory  
1133 20th Street, N.W.  
Washington, D.C. 20036

National Institutes of Health  
9000 Rockville Pike  
Bethesda, Maryland 20014

National Research Corporation  
70 Memorial Drive  
Cambridge, Massachusetts 02142

The New York Academy of Sciences  
2 East 63rd Street  
New York, N.Y. 10021

North American Rockwell Corporation  
Technical Information Division  
12214 Lakewood Boulevard  
Downey, California 90241

North Dakota State University  
Fargo, North Dakota 58102s,

Northrop Corporate Laboratories  
Hawthorne, California 90250

Office of Naval Research  
Naval Biomedical Research Laboratory  
Oakland, California 94625

Oregon State University  
Corvallis, Oregon 97331

Philco-Ford Corporation  
Aerospace and Defense Systems Operations  
Ford Road  
Newport Beach, California 92663

St. John's University  
Grand Central and Utopia Parkway  
Jamaica, New York 11432

Sandia Laboratories  
Sandia Corporation  
Albuquerque, New Mexico 87115

Stanford Research Institute  
Menlo Park, California 94025

Syracuse University  
Syracuse, New York 13210

Texas Instruments, Inc  
13500 North Central Expressway  
Dallas, Texas 75222

U.S. Army Biological Laboratories  
Fort Detrick  
Frederick, Maryland 21701

Wallops Station  
National Aeronautics and Space Administration  
Wallops Island, Virginia 23337

Wilmot Castle Company  
Rochester, New York 14602

Wright Air Development Center  
Wright-Patterson Air Force Base  
Dayton, Ohio 45433
